REPORT ON MENTOR MENTEE SCHEME

Date : 15/ 03/2021

In the academic year 2019-2020 I had been assigned the 10 students of B.A-II and 10 students of B.A III for mentoring. At the very beginning of the academic year I have taken their meeting and discussed main issues which were personal as well as academic, all students explored their problems and I assured them with full support at any time as a mentor. Throughout the year we were in touch regarding the educational issues. I made available books to them and also guided them about English as a compulsory subject and also about grammar. The scheme has immensely benefited to students and it shown in their semester result. The result of second year was better than their first year. I have also guided them about better handwriting and study techniques and taken their tests and assignments, checked and instructed them about the mistakes. The mentee student asked about exam time table, syllabus, notes, about the scholarship form etc. Then I have send exam time table, syllabus, notes on the Whats App group
