

About the College

Ours is the only college in the drought-prone town of Madha established in June 1970 with a well-defined motive of "Rural Youth Empowerment through Quality Education". The neighborhood villages and local community naturally felt the need of the college imparting higher education for their coming generations. Therefore, sixteen acres land of the college was generously donated by the local well-wishers of the Sanstha.

The college aims at enabling the students to accept new challenges and inculcating moral values. Since its establishment, the college has been a reputed and socially responsible institution in academic, sport, and cultural fields. The College Development Committee is consisted of well educated, socially responsible and humble human beings strongly determined and dedicated to the cause of social welfare through providing quality education. During the last five years, after NAAC reaccreditation of second cycle, the college has made systematic efforts to build excellence in teaching, learning, research, extension activities and employability of the students. In addition to offering traditional courses the college has taken pace by offering courses.

Key Highlights

Good Exposure to students on all fronts
Highly experienced & skilled faculty members
The college is well maintained and well established with the latest development

About Marathi Department

Our Department of Marathi was established in 1970. The department runs Bachelors Degree Course in the discipline and planned to make available Post Graduate Course in near future. The department of Marathi is one of the core departments of Arts and Commerce College, Madha. The department also offers some discipline specific short term diploma and value added courses for upgrading the skills and employability of enrolled students. Need based social outreach programmes and extra-curricular events are also being organized time to time. Faculty members of the department are well experienced in their respective domain and have showcased their research outcomes in the international arena.
