This is to certify that

DR. SANTOSH RAJGURU of

Arts and Commerce College, Madha

has volunteered time and successfully completed 400 Clap* tasks, towards generating open-sourced data to support speech and language technologies in Indian languages.

This effort is part of an IIT Bombay project titled "Crowdsourcing for Language Processing (CLAP)", funded by MHRD and DST, Govt. of India under the IMPRINT 2 scheme.

* Completion of each task should typically take no longer than 30 sec. More details at www.clap.cse.iitb.ac.in
